

**DOD ESI and GSA SmartBUY – Hardware**

Type	Manufacturer	Available Products	Lead	Government Contact	Ordering Open to	Award Date/ End Date	Reseller	Vendor Contact
<b>Hardware: Desktops, Notebooks, Monitors and Accessories</b>								
ESI	Dell, Gateway, Hewlett Packard, IBM, MPC	Quarterly Enterprise Buy for desktops, notebooks, monitors and accessories. The Air Force IT Commodity Council has established a Quarterly Enterprise Buy process in which all DOD Components are welcome to participate. By purchasing standard configurations (with options) at regular intervals as an enterprise, the Air Force achieves cost avoidance of ~23% off GSA schedule pricing. Standard PC configurations (with options) include "mainstream", multimedia, secure computing environment, and high performance workstations. QEB participation will provide the most benefit to smaller DOD agencies that cannot purchase in sufficient volume to achieve significant discounts. For more details on the process, products, and current schedule, visit <a href="https://www.gunter.af.mil/acquisitions/kai/kaih/qeb/default.aspx">https://www.gunter.af.mil/acquisitions/kai/kaih/qeb/default.aspx</a>	Air Force	Chief, AF Enterprise IT Hardware Acquisition Team at <a href="https://www.gunter.af.mil/acquisitions/kai/kaih/qeb/default.aspx#">https://www.gunter.af.mil/acquisitions/kai/kaih/qeb/default.aspx#</a>	DOD		iGov <a href="http://www.igov.com">www.igov.com</a>	Michelle Huffman * 800-777-9375 mhuffman@igov.com
